BRAND THEME & LOGO

# The rupee, disbursed swiftly.

SwiftLoan's visual language: light & airy, liquid-glass surfaces floating over a soft aurora, expressive Public Sans headings, and a teal→green identity that signals fast, fair, secure lending.

# The mark & wordmark

The exact ₹ symbol leans forward ~7° with three trailing speed streaks — money in motion — inside the 145° teal→green tile. Wordmark is Public Sans 800, "Swift" in teal, "Loan" in ink (mint + white on dark).

## Liquid glass surfaces

Cards are ~40% white with a 20px blur so the aurora reads through — never opaque boxes. Borders are translucent white. Always paired with a soft cool shadow.

## 07 · USAGE

# Do & don't

- ✓ **Keep the streaks behind the ₹.** They read left-to-right as motion — the rupee arriving fast.
- ✓ **Light & airy by default.** Soft off-white backgrounds, generous whitespace, large diffuse shadows.
- ✓ **Trust everywhere.** Encryption notes, RBI/compliance badges, "no impact on credit score".
- ✗ **Don't** recolour the ₹, rotate the tile, use pure black text, or make surfaces opaque grey boxes.
